Oclub

Dental Implant Community

Introduction

The O-Club is an Online Dental Implant Community where dentist can provide technical support for one another and build expertise. Community status is a big part of any social media and will provide huge incentive for Dentists. Status is built by posting questions, providing assistance to others, and first and foremost buying OCO Product (i.e building implant placement experience). As Doctors build status they can acquire levels of discount privilege to help grow their practice. This community is built to be beneficial to all levels of implantologist, from the budding newbie to have access to more experienced doctors and for the more experienced doctors to build status and thus saving money on OCO Biomedical Product.
